Lecturer (Diploma Mechanical Engineering Department)

Industrial Training

- Training at Railway Workshop Gorakhpur after B.Tech 2nd & 3rd Year (30 days , 45 days)

Projects

- **M.Tech Project (Thermo-Mechanical Analysis Of Alumina- Titanium Functionally Graded Material Plate Using Ansys)**
About the project : Analysis the Mechanical as well as Thermal Strength Of FGM material, like total deformation, directional deformation, normal stress & strain, equivalent stress & strain etc.
- **B.Tech Project (Regenerative Shock Absorber)**
About the project : Electromechanical dampers seem to be a valid alternative to conventional

shock absorbers for automotive suspensions. That are converts parasitic intermittent linear motion and vibration into useful energy, such as electricity. This is recover energy from suspension vibrations and 24% fuel efficiency improvement.

Computer Proficiency

- MS Office
- AutoCAD
- SolidWorks
- Ansys
- Origin

Workshop Attend

- 2 days workshop on publishing with Scholarly Journals at MMMUT Gorakhpur
- NPTEL Certificate on Processing of Polymers and Polymer Composites (8 Weeks) by IIT Roorkee
